Enables clear observation of nystagmus

Frenzel Goggles S5

Bulb-colored LEDs on right and left

Clear observation for eye movement

- Well-fitting design for patient's face and operator's hands
- Bulb-colored LEDs reveal the eye movement in familiar color

- Lightweight and easy to carry (only 170 g without fixing belt)
- Easy to replace face pad
- Single AAA battery operation

- High quality lenses allow clear observation of nystagmus
- Durable and lightweight ABS resin frame allows easy handling
- One additional face pad is standard provision as a spare part.
